# Biosecurity Blitz 2025

**16 October to 16 November**  
**Discover – Learn – Protect**

Whether you're someone who loves the outdoors, is a seasoned gardener, or just curious, this is your chance to make use of 31 days to explore your local surroundings and make a real impact.

Everyone across Western Australia is invited to take part in the Biosecurity Blitz. Step outside and observe the insects, plants, fish, and other living things around you. Observe, record and share what you see, or don't see, using the MyPestGuide® Reporter app. Your observations will help detect pests and diseases early, before they spread.
